INTERNATIONAL Hip Outcome Tool IHOT

Quality of Life Questionnaire for Young, Active Patients with Hip Problems

Instructions:

• These questions ask about the problems you may be experiencing in your hip, how these problems affect your life, and the emotions you may feel because of these problems.

• Please answer each question with respect to the current status, function, circumstances and beliefs related to your hip.

• Consider the last month.

• The questions are formatted so that you can indicate the severity of the problem by circling a number below the question.

Please note:

Please circle the number which most closely represents your situation.

• If you circle a number on the far left, it means that you feel you are significantly impaired. For example:

0----1------2-----3-----4------5------6------7------8------9------10

Significantly Impaired No Problems At All

• If you circle a number on the far right, it means that you do not think that you have any problems with your hip.

For example:
If a number is circled in the middle of the line, this indicates that you are moderately disabled, or in other words, between the extremes of ‘significantly impaired’ and ‘no problems at all’. It is important to circle a number at the appropriate end of the line if the extreme descriptions accurately reflect your situation.

If the question asks about something that you do not experience, please mark the option:

☑ I do not do this action in my activities, where this is appropriate.
